

## **Patterson Farm, Inc. optimizes payroll & offers financial services to H2A workers**

***“Our experience with Yepzy has been excellent. Prior to using Yepzy, our payroll team was burdened with the task of managing and paying our workers through pay cards. With Yepzy, the payroll process has become a simple ACH to the worker’s Yepzy account. In addition, Yepzy’s bi-lingual onboarding and support team has provided exceptional service to both our office staff and H2A workers. The Yepzy app has also been a big success with our workers, allowing them to manage their earnings and remit money back home with ease. They are saving a significant amount of time and money, and they are also excited to be able to use their Yepzy debit card when they return home. Overall, I highly recommend Yepzy to anyone who is still using pay cards or cutting checks. It has been a game-changer for us, and I am confident it will be for you too.”***

- Nora Patterson, Corporate Secretary, Patterson Farm, Inc.

### **About Patterson Farms, Inc.**

Since 1919, the Patterson Farm Family has been committed to growing the freshest, highest quality fruits and vegetables for our hometown community and beyond. Our produce is available at our on the farm market, Patterson Farm Market & Tours, Inc., as well as many fine retail grocery stores and restaurants.
